SLOW PLAY

The regular occurrence of "Slow Play" is discussed consistently among members, and with the thought that almost every player/member of the Club has at some time expressed concern, about the effects of Slow Play on their enjoyment of the game, we publish the following ten suggestions which could be of assistance in overcoming the problem.

1. Not being ready on time - **Select club and ball while other players are having their shots.**
2. Delays on tees or greens while marking the card - **Always mark the card while awaiting your turn at the tee.**
3. Players wait with others on the tee until all have played their shot, then walk to their own ball. - **Walk directly to your own ball, or level with same, and select club to be used while waiting for others to play their shots.**
4. Unnecessary number of practice swings - **It is agreed that each player has his own preference in this matter, but practice swings should be limited by discretion.**
5. Delays in locating lost balls - **If, after a reasonable period, it is apparent you are holding up play call next group through.**
6. Lack of discretion in going through a team that has lost a ball - **If called ahead as in (5) but immediately afterwards the team ahead locate their ball and it is evident that play will proceed faster if they continue; you should signal them to go ahead.**

NOTE: The discretion is in the hands of the team called through and not the players who were looking for the lost ball.

7. On the putting green unnecessary marking of ball and players not continuing to putt out - **On reaching the green and your ball, study the line of your ball, study the line of your putt immediately. When it is your turn to putt, try and wherever possible putt right out. Marking the ball is sometimes unnecessary, but not always and should be avoided.**

-
8. Players not using the time on the green, while waiting their turn, to assess their own putt - **Whenever possible, a player should have assessed his own putt for direction and speed while the other players are putting, providing in doing so, no interference is caused to the other players.**
 9. Incorrect handling of the flag, on the green - **The player nearest the hole should attend the flag and then pass to the first player to hole out, then appraise his own putt.**
 10. Leaving buggies around the green on the wrong side of the tee. - **Always place your buggy adjacent to the approach to the next tee.**

“BY FAR THE MOST IMPORTANT RULE IS BRIEF”

Each player walks directly to or adjacent to his or her ball at all times, and waits there for the player furthest from the hole to play his or her shot. That he has used that time to assess his own shot.

We ask you all to get into the habit of playing this way, and if you see anybody NOT playing this way, this is why you are having a slow round.

ETIQUETTE OF THE GAME OF GOLF

Safety: Players should ensure that no one is standing close by or in a position to be hit by the club or ball and should not play until the group in front is out of range.

Consideration for other players: Players should always show consideration for other players on the course and should not disturb their play by moving, talking or making unnecessary noise. Players should not stand close to or directly behind the ball, or directly behind the hole when a player is about to play.

On the Putting Green: Players should not stand on another player's line of putt.

Scoring: In stroke play, a player who is acting as marker, should if necessary, on the way to the next tee, check the score with the player concerned and record it.

Pace of Play: Players should play at a good pace. The Committee may establish pace of play guidelines that all players should follow. It is a group's responsibility to keep up with the group in front. If it loses a clear hole and it is delaying the group behind, it should invite that group to play through.

Be Ready to Play: Players should be ready to play when it is their turn.

Lost Ball: If a player believes his ball may be lost outside a water hazard or is out of bounds, to save time, he should play a provisional ball. Players searching for a ball should signal the group behind to play through as soon as it becomes apparent that the ball will not be easily found. They should not search for five minutes before doing so. Having allowed the group behind to play through, they should not continue play until that group is out of range.

Care of the Course: Before leaving a bunker, players should carefully smooth over all holes and footprints made by them and any nearby made by others.

Players should carefully repair any divot holes made by them and any damage to the putting green made by the impact of a ball (whether or not made by the player himself).

Players should avoid causing unnecessary damage to the course.

Penalties for Breach: If players follow these guidelines it will make the game more enjoyable for everyone.

In the case of a serious breach of etiquette, the Committee may disqualify a player under Rule 33-7.
